

Thank you, Sue!

The Livingston Free Library Board of Trustees thanked Sue Critchell, who is retiring as Director, for her many years of service. Sue served both a board member and the Director of the library. During Sue's time as a board member, the library expanded the building to include more room for public computers, additional shelf space, a handicap ramp and a bathroom! Once Sue became Director in 2006, she was instrumental in helping the Livingston Free Library get their items bar coded as part of the Mid-Hudson Library System and implemented new policies that are still in use now
