Postcards

From Near-Far-or “the Edge”

The first "non-Postal" **postcard**, meaning a privately made **postcard** where postage had to be affixed was introduced in Austria in 1869 and by 1870, picture **postcards** were all the rage!

How many times have you either sent a postcard while on vacation or received one from a friend? Is one in particular your favorite? Old postcards are of historical places we all know. Some are unique in style or content. Bring us your favorite to share.
